Background and Instructions:

Welfare & Institutions Code Section(s) 1990-1995 establish the Juvenile Justice Realignment Block Grant program for the purpose of providing county-based care, custody, and supervision of youth who are realigned from the state Division of Juvenile Justice or who would otherwise be eligible for commitment to the Division of Juvenile Justice prior to its closure.

To be eligible for funding allocations associated with this grant program, counties shall create a subcommittee of the multiagency juvenile justice coordinating council to develop a plan describing the facilities, programs, placements, services, supervision and reentry strategies that are needed to provide appropriate rehabilitative services for realigned youth.

County plans are to be submitted and revised in accordance with WIC 1995, and may be posted, as submitted, to the Office of Youth and Community Restoration website.

**Part 7: Regional Effort**

**Describe any regional agreements or arrangements supported by the County’s block grant allocation: (WIC 1995 (6) )**

As part of the Lake County Children’s Council and a subcommittee called Resilient Lake County, Lake County Probation partners with community agencies including cultural groups and tribal entities to ensure prevention strategies and services that meet cultural needs. Additionally, Probation sits on the County’s Housing Navigator Team with tribal partners.

In these groups, all parties have an equal say in the decisions made related to all Lake County children and families. Additionally, our tribal partners invite all agencies in Lake County, including Probation, to participate in tribal events. Probation attends these events by having booths with games and handouts, information about services available, and by participating in the event activities.
