Re: SB 823 Realignment Block Grant Plan

The Napa County Juvenile Justice Coordinating Council Subcommittee approved and submitted the SB 823 Realignment Block Grant Plan in December 2021. This memorandum is a supplement to that plan to expand on our intent to hire a consultant to facilitate a county-wide all-inclusive plan for prevention strategies, services, and service integration for youth who meet the criteria for SB 823 realignment. We anticipate having this process completed and the information included in the Realignment Block Grant Plan by May 2023.
