

San Luis Obispo County Juvenile Court
2022–23 School Accountability Report Card
Reported Using Data from the 2022–23 School Year
California Department of Education

Address:	1065 Kansas Ave. San Luis Obispo, CA , 93405	Principal:	Chris Balogh, Director of Alternative Education
Phone:	(805) 782-7321	Grade Span:	6-12

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

About Our School

The staff at the San Luis Obispo County Juvenile Court school work hard to provide students a safe, high-quality educational experience during a time that may be filled with unease and uncertainty due to the students being incarcerated at the Juvenile Services Center. The San Luis Obispo County Juvenile Court school is accredited by the Western Association of Schools and Colleges (WASC). Juvenile Court school students earn credits toward graduation and have the opportunity to recover credits in a stable and supportive classroom. This learning environment helps prepare the student for transition back to his or her family and original district school.

School Description and Mission Statement (School Year 2023–24)

Our school provides common core based instruction and credit recovery for a variety of students, many who have not previously found success at the middle or high school level and are often credit-deficient. Our students have been affected by one or more significant life challenges, including drug and alcohol abuse, homelessness, involvement with law enforcement, truancy, expulsion, poverty, academic failure and other various traumas. Enrollment in our program has declined significantly over the years due to changes in state legislation and early intervention practices implemented by local community partners, including, but not limited to probation, local school districts and local law enforcement. The mission of the SLOCOE Juvenile Court school is to provide our students with a safe, structured and challenging educational environment focusing on the whole student. Our curriculum is goal-oriented, integrated, flexible, and designed to meet the diverse needs of our student population. Through collaboration with community partners, we deliver specialized services and programs that focus on academic achievement, goal setting and social responsibility.

We have identified four major goals to support student learning in our schools. All four goals align to the Local Control Accountability Plan (LCAP), School Plan for Student Achievement

(SPSA) and the plan required for accreditation for WASC:

Increase academic rigor and learning for all students Increase student engagement

Support transitions for all students, including foster and homeless youth

Increase family/caregiver involvement

A Multi-Tiered System of Supports (MTSS), including Positive Behavioral Interventions and Supports (PBIS), has been implemented at the school site.

Mission Statement

To promote student success by supporting the work of local school districts, delivering specialized student services, and providing countywide leadership and advocacy for the needs of all children.

Vision Statement

San Luis Obispo County will be an educational community dedicated to preparing all children and youth for responsible citizenship, meaningful work, and lifelong learning.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Teacher Preparation and Placement (School Year 2020–21)

Note: The data in this table is based on full-time equivalent (FTE) status. One FTE equals one staff member working full-time; one FTE could also represent two staff members who each work 50 percent of full-time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Annual inspections through the Probation Department are required to assure parents, the community and the courts that students located at the Juvenile Court School are being taught in classrooms that are in good repair status. The facility is designed with a maximum of 20 students in each classroom. The classrooms are safe and in compliance with state law.

School Facility Good Repair Status

Using the **most recently collected** Facility Inspection Tool (FIT) data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes assessments for English language arts/literacy [ELA], mathematics, and science for students in the general education population and the California Alternate Assessment [CAA]. Only eligible students may participate in the administration of the CAA. CAA items are aligned with alternate achievement standards, which are linked with the Common Core Standards [CCSS] or California Next Generation Science Standards [CA NGSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAA for ELA** in grades three through eight and grade eleven.
 2. **Smarter Balanced Summative Assessments and CAA for mathematics** in grades three through eight and grade eleven.
 3. **California Science Test (CAST) and CAA for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- **College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAA divided by the total number of students who participated in both assessments.

Career Technical Education (CTE) Programs (School Year 2022–23)

The Juvenile Court School has not yet implemented a full CTE program. Students complete resumes with the classroom teachers and they also research preferred jobs and complete a presentation of their findings. Students are exposed to job opportunities through teacher-selected videos. Students are exposed to a wide variety of career exploration courses through two-week hands-on career exploration labs, including such topics as Design and Marketing, Electrical Skills, Estimation Skills, and Plumbing Skills. Students are also provided the opportunity to complete driver's education.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site

Opportunities for Parental Involvement (School Year 2023–24)

The administration and staff understand the importance of having parents, guardians and agency partners engaged in school. One of our goals in our Local Control Accountability Plan (LCAP) and School Plan for Student Achievement (SPSA) is to increase parent involvement. The administration and staff of the SLOCOE Juvenile Court School contact parents with school updates regarding academics, behavior, and necessary student-based meetings. Parents are offered yearly surveys covering school climate, parent engagement, technology and school/student needs. Parents are encouraged to use community resources, including, but not limited to parenting classes, parent counseling, probation support and mental health supports. Parents are invited to the end of year graduation. Parents have access to their student's information, including grades/credits, attendance and testing through the Aeries Parent Portal. The school uses ParentSquare to communicate, involve and collaborate with families for student success. Achievement and program data is also shared with educational partner groups at the School Site Council meetings which use the data to develop the yearly SPSA. Parents who have students with disabilities are involved through the IEP process, which involves parents, school staff, local district representatives and community partners. Progress reports are provided as often as a general education student would receive progress and annual IEP meetings are held at least once a year with a full re-evaluation of the student occurring every third year.

State Priority: Pupil Engagement

School Safety Plan (School Year 2023–24)

There is a current Safe School Plan in place for SLOCOE Juvenile Court School which complies with all California Education Codes and is approved yearly by the School Site Council and the SLOCOE Board of Trustees. The SLOCOE Juvenile Court School is within the Juvenile Services Center, which is a probation run facility. It should be noted that probation is in charge of safety in the facility and the officers deal with issues regarding safety and security. The Safe School Plan includes documents addressing the broad areas of school safety including suspensions/expulsions, California Healthy Kids survey, attendance data, LCAP and other programs provided for high levels of school safety. Also included are child abuse reporting, disaster procedures, drills, procedures leading to suspensions/expulsions, procedures notifying teachers of dangerous pupils and procedures for reporting many other safety issues.

A Safety Committee meets monthly to ensure that safety issues are addressed. Staff members are trained in First Aid, CPR, back safety, medication administration, blood borne pathogens, use of fire extinguishers, the use of emergency response procedures (Crisis Intervention Training) and Nonviolent Crisis Intervention. Monthly safety updates are sent to staff electronically. SLOCOE has a Safety Incentive program to promote workplace safety, which includes promoting safe school/work sites.

Types of Services Funded (Fiscal Year 2022–23)

The administration and staff of SLOCOE Juvenile Court School strive to provide the assistance needed to ensure that our students succeed. Due to the nature of our population, we have a low adult to student ratio, with many agency representatives involved with the student throughout the day (probation officers, mental health staff, drug and alcohol counselors, etc). We operate an MTSS for academics, behavior and social emotional support for students. All students are offered additional help and support. Academic, behavioral and social emotional data assist the administration and staff with adjustments to schoolwide interventions, as well as implementation of programs to meet individual needs. SLOCOE employs a foster/homeless liaison whose job it is to focus on the unique needs of our foster and homeless students and help them navigate transitions.
