Part I. Service Needs, Priorities & Strategy – (Government Code Section 30061(b)(4)(A))

A. Assessment of Existing Services

Include here an assessment of existing law enforcement, probation, education, mental health, health, social services, drug and alcohol, and youth services resources that specifically target at-risk juveniles, juvenile offenders, and their families.

Please refer to the 2018 Placer County Comprehensive Multi-Agency Juvenile Justice Plan for the assessment of existing services, as the Placer County Probation Department contracted with a consultant to devise an updated and comprehensive Juvenile Justice Plan. The updated plan provides an analysis which inventoried current programming and services, identified service gaps, prioritized current and future needs, and fully addressed the areas of prevention, intervention, and rehabilitation.

Describe what approach will be used to facilitate collaboration amongst the organizations listed above and support the integration of services.

The Placer County Probation Department's Juvenile Division is an essential component of the collaborative and child-centered Children's System of Care (CSOC). The Probation Department's Juvenile Division is one of several agencies co-located at CSOC to support children, youth, and families. Partner agencies include Placer County Office of Education (PCOE). CSOC includes: Mental Health (MH) and Substance Use Disorder (SUD) services, Child Welfare Services (CWS), and many allied partners and community treatment providers.

B. Identifying and Prioritizing Focus Areas

Identify and prioritize the neighborhoods, schools, and other areas of the county that face the most significant public safety risk from juvenile crime.

Please refer to the 2018 Placer County Comprehensive Multi-Agency Juvenile Justice Plan for the assessment of existing services, as the Placer County Probation Department contracted with a consultant to devise an updated and comprehensive Juvenile Justice Plan. The updated plan provides an analysis which inventoried current programming and services, identified service gaps, prioritized current and future needs, and fully addressed the areas of prevention, intervention, and rehabilitation. Any emerging trends will be noted as eliminated, enhanced, and/or added programs.

C. Juvenile Justice Action Strategy

Describe your county's juvenile justice action strategy. Include an explanation of your county's continuum of responses to juvenile crime and delinquency as well as a description of the approach used to ensure a collaborative and integrated approach for implementing a system of swift, certain, and graduated responses for at-risk youth and juvenile offenders.

Please refer to the 2018 Placer County Comprehensive Multi-Agency Juvenile Justice Plan for the juvenile justice action strategy.

D. Comprehensive Plan Revisions

Describe how your Plan has been updated for this year:

Please refer to the 2018 Placer County Comprehensive Multi-Agency Juvenile Justice Plan. Placer County Probation Department continues to facilitate and enhance programs according to the timeline outlined in the Plan. The Plan is reviewed annually to ensure the department is on (or ahead) of schedule and changes will be made as necessary.

Below is a summary of the updates to our Plan:

Prevention Services

- PCOE Pathways Identify and Refer (goal #1)- continue supporting a social worker on site and plan to add additional programming to their afterschool program to support the youth.
- PSAL and RPAL (goal #3)- continue to provide support for youth and families with our community partners.

Early Intervention Services

- Document CRC Utilization (goal #4)- Ongoing- Our partners have submitted quarterly and yearly reports regarding the CRC program. We are continuing to look at our outcomes.

Juvenile Detention Facility (JDF)

- Support and Strengthen PBIS (goal #10)- Ongoing- The PBIS leadership team at the JDF conducts ongoing PBIS training to all staff.
- PCOE continues to offer the youth online courses to expand their class offerings (goal #13). We do continue to expand and look for additional programming online to support our youth from our community partners. We have recently implemented Rising Scholars in our facility. This is a dual enrollment program to allow for youth as graduates or still enrolled in high school to receive dual credits towards graduation and college. Rising Scholars- students working on dual credits with Sierra College providing in person programming to current students and graduates.

- Expand Mental Health Services in the JDF (goal #21)- Ongoing- We continue to develop additional mental health services and therapy groups. We continue to provide journaling and 7 Challenges for youth. Local non-profits and service providers continue to come in and provide evidence-based programming. Our mental health worker is also teaching Seeking Safety to our youth. In addition, probation now has contracted with our medical provider to include a full-time mental health clinician on site at the JDF to provide therapy, parenting counseling, parenting classes and group trauma informed classes.

If your Plan has not been updated this year, explain why no changes to your plan are necessary:

NOTE: We are in the process of updating our entire plan and are working with our community partners, stakeholders and the JJC. We will have a new plan submitted to OYCR for the next year.

Part II. Juvenile Justice Crime Prevention Act (JJCPA) – (Government Code Section 30061(b)(4))

A. Information Sharing and Data

Describe your information systems and their ability to facilitate the sharing of data across agencies within your county. Describe the data obtained through these systems and how those data are used to measure the success of juvenile justice programs and strategies.

Please refer to the 2018 Placer County Comprehensive Multi-Agency Juvenile Justice Plan for our information systems and data sharing.

B. Juvenile Justice Coordinating Councils:

Does your county have a fully constituted Juvenile Justice Coordinating Council (JJCC) as prescribed by Welfare & Institutions Code Section 749.22?

Yes No

If no, please explain what vacancies exist on your JJCC, when those vacancies began, and your plan for filling them:

C. Funded Programs, Strategies and/or System Enhancements

Using the templates below, provide details for each program, strategy, and/or system enhancement that will be funded by the Juvenile Justice Crime Prevention Act (JJCPA), identifying any program that is co-funded with Youthful Offender Block Grant (YOBG) funds.

To include multiple programs, copy and paste the template fields "1. Program Name," "2. Evidence Upon Which It Is Based," and "3. Description" as many times as necessary.

JJCPA Funded Program, Strategy and/or System Enhancement

This template should be copied as many times as needed to capture every program, strategy, and system enhancement you plan to fund next year.

1. Program Name:

Police Activities Leagues

2. Evidence Upon Which It Is Based:

PAL focuses on providing youth with the tools and resources to succeed and recognizes the support of well-informed culturally and community informed law enforcement officers can have a positive and lasting impact on youth.

3. Description:

PAL focuses on youth and officer mentoring and outdoor activities with our local youth. Our youth have access to services with Roseville Police Activities League (RPAL) and Placer County Sheriff Athletics League (PSAL).

1. Program Name:

Crisis Resolution Center

2. Evidence Upon Which It Is Based:

The CRC provides a trauma-informed, family-centered intervention model aimed at resolving crisis and preventing juvenile justice involvement. The program aligns with national best practices in family preservation, conflict resolution, and early intervention for at-risk youth.

3. Description:

The Crisis Resolution Center (CRC), operated by Koinonia Homes for Teens in collaboration with Placer County, provides voluntary residential and out-client services for youth ages 12–17 experiencing family conflict or crisis. Located in Loomis, the six-bed facility offers 24/7 supervision and is staffed by trained professionals who deliver counseling, conflict resolution, and case management. The CRC continues to play a vital prevention role by diverting youth from deeper system involvement.

1. Program Name:

Pathways Charter School

2. Evidence Upon Which It Is Based:

Pathways Charter School incorporates individualized counseling, mentoring, and evidence-based behavioral and social-emotional education.

3. Description:

Pathways Charter School, operated by the Placer County Office of Education, serves expelled and high-needs youth through daily check-ins, academic support, and social-emotional skill-building. A dedicated School Social Worker engages youth in goal-setting, counseling and case management. Evidence-based curricula provide structured, peer engagement focused on emotional expression, healthy relationships, and accountability.

1. Program Name:

Juvenile Detention Facility (BOTH funding)

2. Evidence Upon Which It Is Based:

The JDF incorporates evidence-based programs such as Forward Thinking, Teaching Pro-Social Skills, and Positive Behavioral Interventions and Supports

(PBIS). These models improve behavioral outcomes and reduce recidivism for detained youth.

3. Description:

The Juvenile Detention Facility offers a range of structured services to support youth while in custody. Programming includes mental health counseling, substance use education, skill-building groups, and prosocial enrichment such as gardening, journaling, and dog therapy. Youth also participate in Forward Thinking, an interactive journaling curriculum rooted in cognitive-behavioral theory. The facility continues to expand group services and culturally responsive programming in partnership with community-based organizations. The JDF also houses the Placer Youth Center, which provides phased reentry support, family reunification planning, and individualized reentry pathways.

1. Program Name:

Juvenile Assessment and Intervention System (JAIS)

2. Evidence Upon Which It Is Based:

JAIS is a validated risk and needs assessment tool that informs supervision intensity, treatment planning, and resource allocation. It is used statewide and aligns with evidence-based practices in structured decision-making.

3. Description:

The JAIS tool is administered to all youth under the jurisdiction of Placer County Juvenile Probation. Assessments and re-assessments guide supervision levels and case planning. A dedicated supervisor ensures timely completion and quality control, while an internal trainer supports officer proficiency and consistency. JAIS contributes to fair and effective decision-making by identifying criminogenic needs and targeting appropriate interventions.

1. Program Name:

Juvenile Intensive Supervision

2. Evidence Upon Which It Is Based:

Intensive supervision strategies are aligned with graduated responses and individualized case management—best practices recognized in national models such as the Comprehensive Strategy for Serious, Violent, and Chronic Juvenile Offenders.

3. Description:

The Juvenile Division assigns supervision levels based on risk and needs, integrating services across Probation, Children’s System of Care (CSOC), and education partners. Youth receive Wraparound support, behavioral health services, education/vocational assistance, and mentoring. Officers regularly adjust contact frequency based on behavior and engagement. The program incorporates transportation in unmarked vehicles to reduce stigma, and uses incentives and contracts with wellness providers to encourage positive behavior change. A multidisciplinary approach helps ensure youth and families receive timely, holistic support.

Part III. Youthful Offender Block Grant (YOBG) – (Welfare & Institutions Code Section 1961(a).

A. Strategy for Non-707(b) Offenders

Describe your county's overall strategy for dealing with non-707(b) youthful offenders who are not eligible for commitment to the Division of Juvenile Justice. Explain how this Plan relates to or supports that strategy.

Please refer to the 2018 Placer County Comprehensive Multi-Agency Juvenile Justice Plan. Services will continue as outlined in the CCMJJP.

B. Regional Agreements

Describe any regional agreements or arrangements to be supported with YOBG funds.

The Placer County Probation Department Juvenile Division is co-located in the Children's System of Care. CSOC is a collaborative with representatives from the Superior Court, Probation Department, County Office of Education, and Health and Human Services (which represents mental health, child welfare, public health, and drug and alcohol services).

C. Funded Programs, Placements, Services, Strategies and/or System Enhancements

Using the templates below, provide details for each program, strategy, and/or system enhancement that will be funded by the Juvenile Justice Crime Prevention Act (JJCPA), identifying any program that is co-funded with Youthful Offender Block Grant (YOBG) funds.

This template should be copied as many times as needed to capture every program, placement, service, strategy, and system enhancement you plan to fund next year.

1. Program Name:

Camp/Ranch Placement

2. Evidence Upon Which It Is Based:

Camp placements integrate evidence-based programs such as Aggression Replacement Training (ART), Teaching Pro-Social Skills (TPS), and Therapeutic Behavioral Services (TBS), which have demonstrated effectiveness in reducing recidivism among moderate- to high-risk youth.

3. Description:

Camp placements remain an available intervention for youth requiring a higher level of care. These programs combine behavioral health treatment, life skills, academic instruction, and vocational training—including welding, culinary arts, and firefighting certifications. Probation staff oversee placements, provide family support, and coordinate successful reentry. Camp services are positioned as alternatives to DJJ or Secure Track commitments, offering rehabilitative care in a structured, skill-building environment.

1. Program Name:

Juvenile Assessment and Intervention System (JAIS) (BOTH)

2. Evidence Upon Which It Is Based:

JAIS is a validated risk and needs assessment tool that informs supervision intensity, treatment planning, and resource allocation. It is used statewide and aligns with evidence-based practices in structured decision-making.

3. Description:

The JAIS tool is administered to all youth under the jurisdiction of Placer County Juvenile Probation. Assessments and re-assessments guide supervision levels and case planning.
