## INSTRUCTIONS:

### Report Submission Process

On or before October 1, 2025, each county is required to submit to the Office of Youth and Community Restoration (OYCR) a report on its Juvenile Justice Crime Prevention Act (JJCPA) and Youthful Offender Block Grant (YOBG) programs during the preceding year. For JJCPA this requirement can be found at [Government Code \(GC\) Section 30061\(b\)\(4\)\(C\)](#) and for YOBG it can be found at [Welfare & Institutions Code Section \(WIC\) 1961\(c\)](#). These code sections both call for a consolidated report format that includes a description of the programs and other activities supported by JJCPA and/or YOBG funds, an accounting of all JJCPA and YOBG expenditures during the prior fiscal year, and countywide juvenile justice trend data.

This template should be used to ensure your submission meets the accessibility standards published by the U.S. Department of Health and Human Services. Plans must meet these standards for posting to the OYCR website. The standards are outlined here, [Accessibility Conformance Checklists | HHS.gov](#).

Your submission will be posted to the OYCR website once it is confirmed to meet the accessibility standards. We encourage you to review your report for accuracy before sending it to the OYCR. Please review your submission for spelling and do NOT change the report form to a PDF document prior to submission.

Prior to submitting this report save the file using the following naming convention: "(County Name) 2025 JJCPA-YOBG Report." For example, Sacramento County would name its file "Sacramento 2025 JJCPA-YOBG Report".

**Once the report is complete, attach the file to an email and send it to: [OYCRgrants@chhs.ca.gov](mailto:OYCRgrants@chhs.ca.gov).**

Please use this space to explain any exceptions and/or anomalies in the data reported above:

SFJPD used Department data to complete this chart because we noticed discrepancies between our internal data and the DOJ Open Justice Data Portal. Open Justice listed a total of 558 arrests (431 felony arrests, 127 misdemeanor arrests, and 0 status arrests; 445 male youth and 113 female youth; 259 Black youth, 39 White youth, 5 Hispanic youth, and 255 youth marked as “Other”) compared to the 867 total arrests in our internal records.

We are eager to connect with the San Francisco Police Department about these discrepancies and ensure accurate data moving forward.

## Analysis of Countywide Trend Data

Provide a summary description or analysis, based on available information, of how the programs, placements, services, strategies or system enhancements funded by JJCPA-YOBG have, or may have, contributed to, or influenced, the juvenile justice data trends identified in this report. Government Code Section 30061(b)(4)(C)(iv) & WIC Section 1961(c)(3):

SFJPD utilized internal 2024 data to provide the following description of data trends.

In 2024, there was an average of 70 referrals per month as compared to an average of 84 referrals per month in 2023.

There was an average of 26 admissions to juvenile hall per month in 2024, which was 16% lower than the 2023 average of 31 admissions per month. The average daily population in the Juvenile Justice Center (JJC) was 28 youth, which was 13% lower than the 2023 average of 32 youth. The racial and ethnic backgrounds of youth at the JJC remained similar to 2023 numbers. In 2024, [REDACTED] of youth in custody were Black, [REDACTED] were Latinx, less than [REDACTED] were AAPI, and nearly [REDACTED] were White. Roughly [REDACTED] of youth in custody in 2024 were girls, compared to [REDACTED] in 2023.

On average, there were 373 youth on JPD's active caseload each month. Thirty-nine percent of the caseload was pre-adjudicated as compared to 45% in 2023. Fifty-six percent of the pre-adjudicated cases were subsequently diverted as compared to 53% in 2023. Diverted cases represent diversion through the San Francisco Community Assessment and Referral Center (CARC) at the point of arrest, WIC 654 diversion through SFJPD or the San Francisco District Attorney's Office (SFDA), and SFDA pre-filing diversion pursuant to WIC 653.5(c).

In 2024, 19% percent of petition dispositions resulted in wardship probation as compared to 22% in 2023. Eleven percent of petition dispositions resulted in an out of home placement, compared to 8% in 2023, and an average of 46 youth were in alternative placements each month. Three percent of petition dispositions resulted in commitments to the secure track or juvenile hall, which was the same rate as in 2023. The remaining petition dispositions resulted in informal probation (23% of dispositions), transfers (22% of dispositions), dismissals (16% of dispositions), and WIC 725(a) non-wardship probation (5% of dispositions).

### Results from the FY2024-2025 DCYF Youth Experience Survey

  1. JJCPA funds
  2. YOBG funds
  3. Other funding sources (local, federal, other state, private, etc.)

Be sure to report all JJCPA and YOBG expenditures for the preceding fiscal year irrespective of the fiscal year during which the funds were allocated. Definitions of the budget line items are:

- **Salaries and Benefits** includes all expenditures related to paying the salaries and benefits of county probation (or other county department) employees who were directly involved in grant-related activities.
  - **Services and Supplies** includes expenditures for services and supplies necessary for the operation of the project (e.g., lease payments for vehicles and/or office space, office supplies) and/or services provided to participants and/or family members as part of the project's design (e.g., basic necessities such as food, clothing, transportation, and shelter/housing; and related costs).
  - **Professional Services** includes all services provided by individuals and agencies with whom the County contracts. The county is responsible for reimbursing every contracted individual/agency.
  - **Community-Based Organizations (CBO)** includes all expenditures for services received from CBO's. NOTE: If you use JJCPA and/or YOBG funds to contract with a CBO, report that expenditure on this line item rather than on the Professional Services line item.
  - **Fixed Assets/Equipment** includes items such as vehicles and equipment needed to implement and/or operate the program, placement, service, etc. (e.g., computer and other office equipment including furniture).
  - **Administrative Overhead** includes all costs associated with administration of the program, placement, service, strategy, and/or system enhancement being supported by JJCPA and/or YOBG funds.
4. Use the space below the budget detail to provide a narrative description for each program, placement, service, strategy, and/or system enhancement that was funded last year.

Repeat this process as many times as needed to fully account for all programs, placements, services, strategies, and systems enhancements that were funded with JJCPA and/or YOBG during the last fiscal year. Keep in mind that this full report will be posted on the OYCR website in accordance with state law.

<p>The Justice Services Care Coordinator strategy is an integral part of a broader network of coordinated support for justice-involved and system-impacted youth and their families that was launched during FY24-25.</p> <p>Justice Services Care Coordinators (JSCCs or Care Coordinators) work in coordination with the San Francisco Community Assessment and Referral Center (CARC) to ensure that every youth who is diverted by the police, cited, and/or booked into the Juvenile Justice Center (JJC) is paired with a community-based case management agency and adult guidance. JSCCs are principally responsible for providing Case Management services to youth under their care, leading the connection and referrals based on assessments that link young people to additional supports, education, enrichment, and work-related opportunities that are available throughout the city. Care Coordinators engage with system-involved youth as early as possible in their justice involvement, collaborate with youth, family, and system partners in developing plans</p>			

of community-based support, and support youth and families as they navigate the juvenile justice systems.

JJCPA funds for Salaries & Benefits are only used for DCYF grants administration staff.

<p>The Custody-Based Services Strategy, formerly referred to as the Detention-Based Strategy, reinforces programs that foster meaningful opportunities for youth to develop skills and knowledge as well as for young people to explore their interests while in custody at the Juvenile Justice Center (JJC). This strategy provides a network of support and community that helps mitigate isolation and provides enrichment and skill building opportunities, while promoting pro-social skills and resiliency in partnership with staff of the facilities and other on-site partners.</p> <p>There are two models for youth in the JJC: (1) Services for Youth Detained at JJC/Juvenile Hall and (2) Services for Committed Youth in JJC/Commitment Units. Community-based organizations integrate the following evidence-based practices into their services: (1) incentivizing engagement and advancement, (2) promoting self-management, (3) nurturing social awareness, (4) establishing positive relationships, (5) offering tailored support, and (6) providing violence prevention and</p>			

intervention programming. These community-based efforts are supported and facilitated by Juvenile Hall staff.

Credible Messengers come from similar backgrounds and speak the same language as the young people they serve and connect with young people in the juvenile justice system to form powerful, transformative, personal relationships. Two models are funded under this strategy: (1) In-Custody Life Coach and (2) Community-Based Life Coach.</p> <p>This strategy specifically supports Credible Messenger life coaches that work with youth throughout their justice system involvement and until they age out of the programming or successfully complete or surpass their personal goals. Having these adult supports anchored in a relationship founded on shared understanding of experiences is key for maintaining engagement over a longer time. Community-based organizations integrate the following evidence-based practices into their services: (1) programming that supports youth well-being and (2) Cognitive Behavioral Theory (CBT).</p> <p>JJCPA funds for Salaries &amp; Benefits are only used for DCYF grants administration staff.</p>

<p>The Out of Home Placement program seeks to reduce and minimize the use of secure detention and achieve better outcomes for justice-involved youth who are disproportionately impacted by out of home placement and detention, particularly Black youth, Indigenous youth, and youth of color.</p> <p>The Boys' Home, operated by Catholic Charities, is San Francisco's only licensed short-term residential therapeutic program (STRTP). The Boys' Home serves juvenile justice-involved boys up to their nineteenth birthday who have histories of trauma and experience mental health and educational challenges. Youth are often ordered by the court to the Boys' Home during the pre-adjudication phase as an alternative to detention. The Boys' Home program focuses on achieving personal stability for each client and working on restoring a healthy and successful relationship between the client, their family, and the community in a short-term, community-based program offering a home-living environment. SFJPD provides funding to the Boys' Home to support operations and program enhancements.</p>			

In 2022, SFJPD initiated the Foster Care Resource Family Pilot with Alternative Family Services (AFS), an Intensive Services Foster Care (ISFC) provider. AFS provides Resource Family pre-approval and coordinates placement for probation youth as ordered by the San Francisco Juvenile Court. AFS serves as a home-based alternative to STRTPs and detention, providing specialized care and support, comprehensive case management, and access to mental health services. AFS also provides ongoing training to resource families. SFJPD pays a monthly reservation fee to ensure consistent program capacity.

All youth ordered by the Juvenile Delinquency Court to out of home placement are supported by Eligibility Workers, who ensure that youth receive all the benefits they are due to support their wellbeing and success.

This program adopted a more expansive definition of family to include individuals identified by the youth as playing a key role in their well-being and success.</p> <p>Flexible and direct funding helped participants and their families gain or maintain access to basic needs that positively impact the youth's trajectory and their ability to attain their goals, as well as aid in stabilizing and securing their home life. These direct expenses included childcare, food, water, clothing, technology, internet access, transportation, educational vouchers, legal services, and other identified needs.</p>
